

Serial No.: Unassigned
Amdt. date: August 4, 2003
Preliminary Amendment

Amendments to the Specification:

Please replace paragraph [0001] with the following amended paragraph:

[0001] This application claims the benefit of provisional patent application Serial No. 60/409,279, filed September 6, 2002, which is hereby incorporated herein by reference in it's entirety and from which priority is hereby claimed under 35 U.S.C. §§119(e) and 120. The present invention [relate] relates to devices for providing power connection between pairs of printed circuit boards, and, in particular, to a surface mount connector for connecting a power module to a motherboard.
